LIGHTING CONTROL

Light-Drive Elite

Light-Drive Elite is a wall-mounted standalone DMX controller and interactive user interface for dynamic lighting. End-users can easily setup color changing effects and control lighting directly using the device. The user interface features touch-sensitive keys and a wheel with color LEDs for intuitive selection of colors and adjustment of intensity and speed. Memory functions allows end-users to define four colors for color-changing effects. It can be easily connected to LED RGB fixtures through an RJ45 connection for power and data. Light-Drive Elite's glassy finish is designed for an elegant appearance as well as easy maintenance.
